- 3.6. All staff members are responsible for ensuring that any records they are responsible for (including emails) are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.

### 4. Management of pupil records

- 4.1. Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each school that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievements
- 4.2. The following information is stored on the front of a pupil record, and will be easily accessible:
  - Forename, surname, and date of birth
  - Unique pupil number
  - Note of the date when the file was opened
- 4.3. The following information is stored inside the front cover of a pupil record, and will be easily accessible:
  - Any preferred names
  - Emergency contact details and the name of the pupil's doctor
  - Any allergies or other medical conditions that are important to be aware of
  - Names of people with parental responsibility, including their home address(es) and telephone number(s)
  - Any other agency involvement, e.g. speech and language therapist
  - Reference to any other linked files

4.4. The following information is stored in a pupil record, and will be easily accessible:

- Admissions form
- Details of any SEND
- If the pupil has attended an early years setting, the record of transfer
- Data collection or data checking form
- Annual written reports to parents
- National curriculum and agreed syllabus record sheets

- Any information about an EHC plan and support offered in relation to the EHC plan

- Any information relating to exclusions
- Any correspondence with parents or external agencies relating to major issues, e.g. mental health
- Notes indicating that records of complaints made by parents or the pupil
- Examination results – pupil copy
- SATs results

4.5. The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil.

- Attendance registers and information
- Absence notes and correspondence
- Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
- Accident forms – forms about major accidents will be recorded on the pupil record
- Consent to administer medication and administration records
- Copies of pupil birth certificates, passports etc.
- Correspondence with parents about minor issues, e.g. behaviour
- Pupil work
- Previous data collection forms that have been superseded

4.6. Hard copies of disclosures and reports relating to child protection are stored in a sealed envelope, in a securely locked filing cabinet in a SLT / school office – a note indicating this is marked on the pupil's file.

4.7. Hard copies of complaints made by parents or pupils are stored in a file in the **headteacher's office** – a note indicating this is marked on the pupil's file.

4.8. Actual copies of accident and incident information are stored separately on the school's management information system and held in line with the retention periods outlined in this policy – a note indicating this is marked on the pupil's file. An additional copy may be placed in the pupil's file in the event of a major accident or incident.

- 4.9. The school will ensure that no pupil records are altered or amended before transferring them to the next school that the pupil will attend.
- 4.10. The only exception to the above is if any records placed on the pupil's file have a shorter retention period and may need to be removed. In such cases, the headteacher will remove these records.
- 4.11. Electronic records relating to a pupil's record will also be transferred to the pupils' next school. Section 13 of this policy outlines how electronic records will be transferred.
- 4.12. Primary schools will not keep any copies of information stored within a pupil's record, unless there is ongoing legal action at the time during which the pupil leaves the school. The responsibility for these records will then transfer to the next school that the pupil attends.
- 4.13. If any pupil attends the school until statutory school leaving age, the school will keep the pupil's records until the pupil reaches the age of 25 years.
- 4.14. The school will, wherever possible, avoid sending a pupil record by post. Where a pupil record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. ## 12. Retention of emails

- 12.1. Group email addresses will have an assigned member of staff who takes responsibility for managing the account and ensuring the correct disposal of all sent and received emails. This will be managed by the ICT Team in conjunction with the leavers policy.
- 12.2. All staff members with an email account will be responsible for managing their inbox.
- 12.3. Emails can act as evidence of the school's activities, i.e. in business and fulfilling statutory duties, so all relevant emails (e.g. invoices) will be retained for at least 12 months.
- 12.4. Invoices received and sent in emails will be printed off and retained in accordance with section 9 of this policy.
- 12.5. The school's expectations of staff members in relation to their overall conduct when sending and receiving emails is addressed in the school's E-safety Policy.

- 12.6. All emails will be automatically deleted after 12 months, unless stated otherwise (currently under review with ICT Team)
- 12.7. Correspondence created by the SLT and other members of staff with administrative responsibilities will be retained for three years before being reviewed and, if necessary, securely disposed of.
- 12.8. Personal emails, i.e. emails that do not relate to work matters or are from family members, will be deleted as soon as they are no longer needed.
- 12.9. Staff members will review and delete any emails they no longer require at the end of every term.
- 12.10. Staff members will not, under any circumstances, create their own email archives, e.g. saving emails on to personal hard drives.
- 12.11. Staff members will be aware that the emails they send could be required to fulfil a SAR or freedom of information (FOI) request. Emails will be drafted carefully, and staff members will review the content before sending.
- 12.12. Individuals, including children, have the right to submit an SAR to gain access to their personal data to verify the lawfulness of the processing – this includes accessing emails.
- 12.13. All SARs will be handled in accordance with the school's Data Protection Policy.
- 12.14. FOI requests will be handled in accordance with the school's Freedom of Information Policy.
- 12.15. When handling a request for information, the DPO will speak to the requestor to clarify the scope of the request and whether emails will be required to fulfil the SAR or FOI request.
- 12.16. Where an SAR has been made electronically, the information will be provided in a commonly used electronic format.
- 12.17. All requests will be responded to without delay and at the latest, within one month of receipt.
- 12.18. If a request is manifestly unfounded, excessive or repetitive, a fee will be charged. All fees will be based on the administrative cost of providing the information.
- 12.19. Where a request is manifestly unfounded or excessive, the school holds the right to refuse to respond to the request. The individual will be informed of this decision and the reasoning behind it, as well as their right to complain to the supervisory authority and to a judicial remedy, within one month of the refusal.

12.20. Staff members will discuss any queries regarding email retention with the DPO.

## **13. Identifying information**

- 13.1. Under the GDPR, all individuals have the right to data minimisation and data protection by design and default – as the data controller, the school ensures appropriate measures are in place for individuals to exercise this right.
- 13.2. Wherever possible, the school uses pseudonymisation, also known as the ‘blurring technique’, to reduce the risk of identification.
- 13.3. Once an individual has left the school, if identifiers such as names and dates of birth are no longer required, these are removed or less specific personal data is used, e.g. the month of birth rather than specific date – the data is blurred slightly.
- 13.4. Where data is required to be retained over time, e.g. attendance data, the school removes any personal data not required and keeps only the data needed – in this example, the statistics of attendance rather than personal information.

## **14. Storing and protecting information**

- 14.1. The DPO / Headteacher will undertake a business impact assessment to identify which records are vital to school management and these records will be stored in the most secure manner.
- 14.2. The Trust ICT Team will conduct a daily back-up across all sites of data and weekly backups on the server to ensure that all data can still be accessed in the event of a security breach, e.g. a virus, and prevent any loss or theft of data.
- 14.3. Backed-up information will be stored off the school premises, using a central back-up cloud service. The DPO & Chief Estates Officer will ensure that the location of the cloud storage and the security offered is appropriate for the information and records stored on it.
- 14.4. Confidential paper records are kept in a locked filing cabinet, drawer or safe, with restricted access.
- 14.5. Any room or area where personal or sensitive data is stored will be locked when unattended.
- 14.6. Confidential paper records are not left unattended or in clear view when held in a location with general access.
- 14.7. Digital data is coded, encrypted or password-protected, both on a local hard drive and on a network drive that is regularly backed-up off-site.

- 14.8. Where data is saved on removable storage or a portable device, the device is kept in a locked and fireproof filing cabinet, drawer or safe when not in use.
- 14.9. Memory sticks are not used to hold personal information unless they are password-protected and fully encrypted.
- 14.10. All electronic devices are password-protected to protect the information on the device in case of theft.
- 14.11. Where possible, the school enables electronic devices to allow the remote blocking or deletion of data in case of theft.
- 14.12. Staff and governors do not use their personal laptops or computers for school purposes.
- 14.13. All members of staff are provided with their own secure login and password, and every computer regularly prompts users to change their password.
- 14.14. Emails containing sensitive or confidential information are password-protected or sent via a secure encrypted or data transfer system to ensure that only the recipient is able to access the information. The password will be shared with the recipient in a separate email.
- 14.15. Personal information is never put in the subject line of an email.
- 14.16. Circular emails to parents are sent blind carbon copy (bcc), so email addresses are not disclosed to other recipients.
- 14.17. When sending confidential information by fax, members of staff always check that the recipient is correct before sending.
- 14.18. Where personal information that could be considered private or confidential is taken off the premises, to fulfil the purpose of the data in line with the GDPR, either in an electronic or paper format, staff take extra care to follow the same procedures for security, e.g. keeping devices under lock and key. The person taking the information from the school premises accepts full responsibility for the security of the data.
- 14.19. If documents that have been taken off the school premises will be left unattended, the staff member will leave the documents in the locked boot of a car or keep them on their person.
- 14.20. A record will be kept of any document that is taken off the school premises that logs the location of the document and when it is returned to the school site, this includes records that are digitally remotely accessed.

14.21. Before sharing data, staff always ensure that:

- They have consent from data subjects to share it.
- Adequate security is in place to protect it.
- The data recipient has been outlined in a privacy notice.

14.22. The school has data sharing agreements with all data processors and third parties with whom data is shared. These agreements are developed by the DPO and cover information about issues such as access controls and permissions.

14.23. A record is kept of what level of access each staff member has to data. This record details information including:

- What level of access each staff member has.
- Limits on how staff members access data.
- What actions staff members can perform.
- What level of access is changed or retained when a staff member changes role within the school.
- Who is able to authorise requests to change permissions and access.

14.24. All staff members implement a 'clear desk policy' to avoid unauthorised access to physical records containing sensitive or personal information. All confidential information is stored in a securely locked filing cabinet, drawer or safe with restricted access.

14.25. Under no circumstances are visitors allowed access to confidential or personal information. Visitors to areas of the school containing sensitive information are supervised at all times.

14.26. Staff are required to use their school login details to use photocopiers and printers.

14.27. The physical security of the school's buildings and storage systems, and access to them, is reviewed termly by the site manager in conjunction with the Chief Estates Officer. If an increased risk in vandalism, burglary or theft is identified, this will be reported to the headteacher and extra measures to secure data storage will be put in place.

14.28. All systems that allow staff and pupils to remotely access information from the school's network whilst they are not physically at the school have strong security controls in place which are reviewed termly by the Chief Estates Officer and reported to the DPO.

14.29. The Chief Estates Officer & DPO decides what restrictions are necessary to prevent information or records being downloaded, transferred or printed while the user is not on the school site.

14.30. The Trust takes its duties under the GDPR seriously and any unauthorised disclosures may result in disciplinary action.

- 14.31. The Chief Estates Officer is responsible for ensuring continuity and recovery measures are in place to ensure the security of protected data.
- 14.32. Any damage to or theft of data will be managed in accordance with the school's Security Breach Management Plan.

## **15. Accessing information**

- 15.1. We are transparent with data subjects, the information we hold and how it can be accessed.
- 15.2. All members of staff, parents of registered pupils and other users of the school, e.g. visitors and third-party clubs, are entitled to:

  - Understand how to gain access to it.
  - Understand how to provide and withdraw consent to information being held.
  - Understand what the school is doing to comply with its obligations under the GDPR.

- 15.4. Personal information can be shared with pupils once they are considered to be at an appropriate age and responsible for their own affairs; although, this information can still be shared with parents.
- 15.5. Pupils who are considered by the school to be at an appropriate age to make decisions for themselves are entitled to have their personal information handled in accordance with their rights.
- 15.6. The school will adhere to the provisions outlined in the school's Data Protection Policy when responding to requests seeking access to personal information.

## **16. Digital continuity statement**

- 16.1. Digital data that is retained for longer than six years will be identified by the Trust ICT Company (Virtue Technologies) and named as part of a digital continuity statement.
- 16.2. The data will be archived to dedicated files on the school's server, which are password-protected – this will be backed-up in accordance with section 13 of this policy.
- 16.3. Memory sticks are never used to store digital data, subject to a digital continuity statement.

- 16.4. The Chief Estates Officer will review new and existing storage methods annually and, where appropriate add them to the digital continuity statement.
- 16.5. The following information will be included within the digital continuity statement:

  - A mixture of the above
- 17.3. The DPO is responsible for completing the information audit. The information audit will include the following:

- 17.4. The DPO will consult with staff members involved in the information audit process to ensure that the information is accurate.
- 17.5. Once it has been confirmed that the information is accurate, the DPO will record all details on the school's Data Asset Register.
- 17.6. An information asset owner is assigned to each asset or group of assets. They will be responsible for managing the asset appropriately, ensuring it meets the school's requirements, and for monitoring risks and opportunities.
- 17.7. The information displayed on the Data Asset Register will be shared with the headteacher to gain their approval.

## **18. Disposal of data**

- 18.1. Where disposal of information is outlined as standard disposal, this will be recycled appropriate to the form of the information, e.g. paper recycling, electronic recycling.
- 18.2. Where disposal of information is outlined as secure disposal, this will be shredded or pulped and electronic information will be scrubbed clean and, where possible, cut, archived or digitalised. The Headteacher will keep a record of all files that have been destroyed and provide these to the DPO as requested.
- 18.3. Where the disposal action is indicated as reviewed before it is disposed, the DPO will review the information against its administrative value – if the information should be kept for administrative value, the Headteacher will keep a record of this.
- 18.4. If, after the review, it is determined that the data should be disposed of, it will be destroyed in accordance with the disposal action outlined in this policy.
- 18.5. Where information has been kept for administrative purposes, the Headteacher will review the information again after three years and conduct the same process. If it needs to be destroyed, it will be destroyed in accordance with the disposal action outlined in this policy. ## 19. School closures and record keeping

### Academy conversion

19.1. If the school closes and subsequently becomes an academy, all records relating to pupils who are transferring to the academy will be transferred. If the school will retain the existing building when it converts to an academy, all records relating to the management of the building will be transferred. All other records created and managed when the school was part of the LA will become the responsibility of the LA.

### Merger of schools

19.2. If the school merges with another school to create one school, the new school will be responsible for retaining all current records originating from the former schools.

- Transfer to the LA all records that are dormant but still need to be retained to comply with legal and business retention requirements.
- Transfer to the local record office any records with historical value.

### Managing records

19.4. The DPO will identify which records need to be destroyed or transferred to the relevant body – they will allocate personnel as necessary to sort through records.

19.5. The DPO will notify the other organisations as soon as possible so that necessary disposal, storage and transfer arrangements can be made. The school's IT provider will also be notified so that arrangements can be made to ensure the safe transfer or deletion of electronic records, including all back-up copies.

19.6. When sorting records, the DPO and their team will:

- Review all records held within the school as soon as notification of closure is received, including paper and electronic records.
- Use the retention periods outlined in this policy to categorise the records into those to be destroyed and those that need to be transferred
